

TOOMOO FINISH LINE BBQ

Huge thanks to the fabulous Rotarians of Caloundra for their invaluable assistance with the TOOMOO BBQ. Rotarians in uniform complete with their big grins will be a very welcome addition to the celebrations.

The BBQ finish is the culmination of approximately 10 hours on a bike, months of training and commitment from not only the cyclists but their families and support crew on the day. Please enjoy the celebration of a big achievement of so many by offering words of encouragement, high five (note they will be sweaty!) and general atmosphere of the place.

150 burgers to be ready to go for cyclists and volunteers when arriving into Mooloolaba around 4:45pm, setup can be any time from 2:30pm. Access Arthur Parkyn Park by winning the carpark lottery behind the surf club or along Parkyn Parade... good luck!

Cyclists and volunteers will be identifiable by an official white silicone wrist band and no payment for burger is required, once all cyclists/volunteers have been served then their supporters are able to access a burger if any are left over.

Map for location of BBQ setup is attached, it is important that this is the only place the BBQ is setup as the Council permit is quite explicit. There is plenty of storage space around the shelters, please try to leave this as free as possible as there is going to be many people gathering and of course bikes as well. Packup will be under minimal lighting so we don't need anything left behind.

Burgers to consist of:

- Bun – quantity of around 15 to be gluten free
- Patty – beef (via Mick's Meat Barn) 130 & vegetarian x 20 (via supermarket)
- Fried onion
- Salad – tomato, lettuce/coleslaw, cheese
- Various condiments

Setup trestle tables with ingredients as production line works best to move hungry folks through the lineup and give everyone an idea where the start of the line is...

1. Grab a paper plate & serviette
2. Select a bun
3. Load desired level of salad
4. Proceed to BBQ area to have patty added
5. Self-serve condiments – variety of sauces
6. NEXT!

Tongs need to be available at each station as cyclists will be hungry, sweaty and smelly – not exactly hygienic so food handling kept to a minimum.

TOOMOO FINISH LINE BBQ

DRINKS

- Selection of bottled water, soft drink & beer to be provided by event organiser prior to the day. Rotary to bring to event in esky chilled ready for serving.
- Drinks to be distributed by Rotary and TOOMOO volunteers as soon as possible by walking around the crowd distributing to those with a wrist band on.
- Official TOOMOO coolers are available and these are for participants to keep, please serve first drink in the cooler, subsequent drinks if any remain are not to be given a second cooler.
- Obviously, no service of alcohol to minors, even if they are 'picking up a drink for dad'.
- If Rotary provide a tub, they are welcome to retain the bottles and cans for cash refund redemption.
