

FROM THE SOUTH: From the intersection of FM1488 and FM 2978 proceed north on Honea-Egypt road to the bridge across Lake Creek. The first turn to the right leads to the parking area for the Lake Creek Preserve. The second turn at the light is the Woodforest Parkway which leads to the park on the right. There are parking places in the park and along both sides of the Parkway. Alternately, if it isn't too wet you can access the park from the NE corner of the preserve (there is a bridge across the detention basin connecting to the park).

FROM THE NORTH: Continue south on Fish Creek Thoroughfare past the entrance to the Woodforest Golf Club. Turn right onto Woodforest Parkway South. The park will be on your Right and parking will be available in the park and along Woodforest Parkway. Watch the Traffic if you park along the parkway.
