

***Thank you for volunteering to host members of the
Tasmania Friendship Exchange Team.***

Expectations for Host Families

- In April or early May, e-mail your guests and let them know something about you.
- When the Tasmanian visitors arrive in your community, please meet the SUVs carrying them at the assigned meeting place and transport your guests to your home.
- Provide lodging and amenities for the nights that the guests are in your town. [Access to your laundry facilities would be a much-appreciated offer for international travelers.]
- Provide transportation to meeting places for guests to board the SUVs. Provide transportation to any events where the SUVs will not be utilized.
- Provide breakfasts and any other meals that are not part of group activities. Should you and your guests decide to eat at a restaurant, the expectation is “Dutch treat.”
- Participate in group barbecues/potluck dinners as organized by local clubs. Hosts and/or their clubs should provide food and beverages for their guests.
- Participate in group tours and events as your time permits. Because transportation for the visitors is limited, it will be necessary for you to travel to some events in your own vehicles.
- Enjoy your visitors and have fun! They will be very interested in you, your community, Montana Rotary, and our beautiful state.
