How to find Rotary Centennial Grove in Hermann Park near the corner of Fannin Street & Cambridge Street!

Park in the **Houston Zoo main parking lot**. Standing in front of the main entrance gate of the Zoo, turn and walk along the walkway towards McGovern Lake (the parking lot will now be on your right). At the first walkway, make a left (now, the Zoo will be on your left, McGovern Lake on your right) and follow that walkway beside **McGovern Lake** towards the "**Buddy Carruth Playground**" and "**Bob's Fishing Pier**". Look for the Rotary & Interact signs in the "**Lowe Pavilion**" on your left. Cell number for Charlie Buscemi: **(713) 598-7129**.

So What IS Rotary Centennial Grove?

In celebration of Rotary's 100th birthday in the 2004-2005 Rotary year, the \$100,000 "Rotary Centennial Grove" was funded by District 5890 Rotary clubs to beautify the picnic area in Hermann Park. This Rotary project funded the planting of new trees, installation of new trash receptacles, new picnic tables and lighting fixtures which helped families to better enjoy the park. Rotary Centennial Grove is a beautiful section of the park...so come celebrate Rotary while working on this sustainable project.

Under the direction of the Hermann Park Conservancy staff, we'll perform light gardening tasks in the Rotary Centennial Grove. This District 5890 "Family of Rotary" event has the tradition of being a fun way to get to know your Family of Rotary...Interactors, Rotaractors, Rotarians, Rotary Youth Exchange Students, ROTEX members, Rotary Foundation Alumni, Ambassadorial Scholars, plus their families & friends from all over District 5890.
