Helping YOU open opportunities for Rotary and Rotarians

Coaching in Rotary is about engaging in new ways with an individual or group to build a positive relationship. This approach empowers people to maximize their potential by developing creative ideas and solutions through inspiration and innovation. Through coaching, Rotarians become vibrant, inspirational leaders who champion club growth and engagement.

Coaching opens opportunities for Rotary. For deeper, more meaningful relationships, for growth and development and for sustainability of volunteers. Coaching evokes passion and enthusiasm and mobilizes people to take action in a way that is meaningful to them while aligning to the vision and goals of Rotary.
