PRESENTS THEIR MENTAL
HEALTH FORUM FOR 2019

CYBER SAFETY

NAVIGATING THE FUTURE

A free event answering the following questions so that students, parents, employers and employees are better prepared for the challenges of an online world

- Need some help understanding the language of the internet?
- Feeling foolish because you did not recognize a scam early enough?
- Finding it hard to believe that your child/student is involved in something potentially dangerous?
- Wondering if your workplace is free from cyber bullying?
- Don't have a clue as to how to avoid getting into trouble online?
- Don't know what to do if this has already happened?

Wednesday October 30, 2019
