This year's focus -Improving Patient Care

Are you interested in improving medical care in developing countries and saving lives? This is your chance to talk to people who are doing this and to discover how easy it is to make a difference.

There will also be opportunities to see how the goods available at the Store are being used in other areas to improve lives, in many ways, in many countries.

It's a great opportunity to meet people, to share ideas and to learn from each other.

In the last 18 years Clubs helped to ship goods worth \$56 million in 559 Containers to projects in 32 countries. Will your Club be one this year?

Please join us and learn how easy it is to help save lives.
