

Aboriginal Culture

& Our Future

How is Aboriginal culture relevant to thinking about our future?

Modern western society faces serious challenges in regards to the future of us and our mother earth.

Many agree that today's society could learn a lot from Aboriginal knowledge and culture for the benefit of our world.

Mullum Mullum Indigenous Gathering place and Eastern Metro Reconciliation groups, invite you to join our one day forum to discuss the direction modern western culture is taking us, and to consider what aboriginal culture has to offer our current challenges.
