

*Last Chance on-line Assembly with ZOOM
Sunday 20 June 2021 starting at 9:00am*

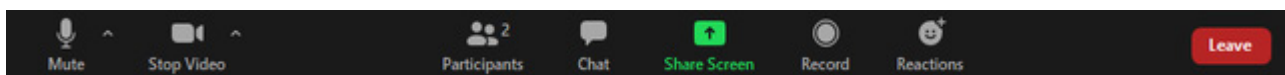

The District is offering an on-line experience for all Rotarians & Rotaractors to attend a PETS/Assembly using ZOOM, which is a **free event**. A program has been developed with the day divided into two ZOOM Sessions.

This structure will enable you to choose which presentations you would like to attend by switching from **Session A** to **Session B**. *Below are the two links for each session.* Please read through the program and mark which Sessions you would like to attend, maybe discuss with your Club Members attending, so you can compare the knowledge and information on the Sessions you attend.

Everyone will start from Session A for the opening of the program and introduction by DGE Jeff Neale..... then after coffee break, select the first session you would like to attend and click using the Session image hot-links below.

When you have seen your first Session, then you can 'leave' (in bottom right corner) and then using this .Pdf document select the next Session you would like to attend.

Some housekeeping rules:

- please mute your microphone during presentations.
- if you have any questions please use 'chat'.
- there may be a slight pause for presenters to prepare and start the session.
- if you are moving from one Session to another please make sure your microphone is muted, so as not to disturb the presenter and attendees.
