

Proudly launching

THE THREE C'S CAFE

Wednesday 4 May | 1830hrs AEST

This is a virtual event conducted via zoom

An invite for all to join this virtual event and stand with us supporting nurses and midwives globally. The Three C's Cafe project was inspired by the Frazzled Cafe concept, developed by comedian Ruby Wax in the UK. Members of the Global Nurses & Midwives Rotary Club (GNMRC) envisage that the one hour virtual cafes, which will be offered a number of times each month, will provide a supportive and safe space for midwives and nurses to check in, connect and chat with colleagues globally. The virtual cafes will provide a collegial space to connect and chat about shared experiences. Each cafe will be facilitated by two members from the GNMRC who have been trained in the cafe facilitation process.
