

FINAL REMINDER – BRISBANE AREA SITE

ROTARY D9620 TREE PLANTING CHALLENGE – 23 APRIL 2023

TO: D9620 Club Presidents

For Brisbane and surrounding area Clubs, Brisbane City Council's Offsets and Restoration Team has once again offered a venue for this year's planting at the Secam Street Park, Mansfield which is adjacent to last year's planting site.

Please note that onsite parking for the morning will be available via the driveway between 98 Wecker Road, Mansfield and the VW Service Centre.

As noted previously, the target for the day is to plant 3000 trees as well as installation of some wildlife habitat elements.

Karana Bellbowrie Rotary Club will once again be providing morning tea (including the very popular scones/jam/cream) for everyone.

PLEASE LET US KNOW

A big thank you if your Club has already let us know that you will be involved in a tree planting day at Mansfield or in some other way.

If not, could we please ask you to let us know at rclubkd@gmail.com what involvement / project your Club is planning for the day?

Also let us know if you need any further information or we can be of any assistance in planning or promoting your D9620 Tree Planting Day Challenge project.

We know that there are some Clubs who are planning or are involved in continuing their own tree planting projects. If you haven't already done so, let us know about your Club's tree planting project (photos please) so that we can compile a record of the overall District response to the Tree Planting Challenge.

Please join us at Mansfield if you can in response to DG Tim Keeler's request for another D9620 Tree Planting Day Challenge to help celebrate 100 years of Rotary in Queensland.

This event also allows all Clubs to continue to contribute to Rotary's newest area of focus "**Supporting The Environment**" in their area.

We look forward to seeing you at the Mansfield site or hearing about the success of your project on 23 April and how you helped our District:

DO MORE, GROW MORE
