

ROTARY CLUB OF WISHART

Item for GIST

COMMUNITY FUNDRAISING OPPORTUNITY

Rotary Club of Wishart have an interesting and ongoing Fundraising Project which we want to share with other Clubs in our District.

For some years our Club has conducted a bi-annual Book Sale which has been the main fundraiser for the Club enabling significant contributions and support of Rotary and community projects.

Due to the effects on the community from COVID and other constraints recent Book Sales have been impacted, but the access to and continuing take-up of books being donated has resulted in a build-up of book stocks. We do not turn down opportunities to accept donations of books, as this part of the Project is just as important as the sales days' efforts.

Our Club is now in the situation of having an excess of good book stocks, mostly sorted and categorised, which we want to make available to Clubs in our District, together with as much operational detail of what is needed, for them to conduct such a project.

Are there Clubs who are interested in taking up this opportunity ??

We can offer continuing assistance in the supply of book stocks as well as a complete operations summary to assist in establishing and continuing on, in another community, such a project.

In short, there is a whole of Club commitment for 3 days of sale set up and sale time, including packing up of unsold stock and clearing the sale venue, together with a continuing availability of folk to receive book donations, sort and categorise stock and make ready stock for the next Book Sale.

This is a very abbreviated summary of this opportunity to work with your community on your own or in conjunction with another neighbouring Club, to provide your Club(s) with an ongoing source of funding.

Please talk to us; we are ready and willing to share whatever information you may need to know. As our next Book Sale is scheduled for the weekend of 28/29 October next, we extend an invitation to visit us then to see the Project in action.

In the meantime, do not hesitate to contact us at Rotary Club of Wishart, any time, via:
