

## Travel Guide #11

Wednesday 26th April 2023

## Destination - Canada

Once again we have a very special couple, Jack and Ann Kraan, sharing another one of their travel experience with us.

Whether you are an adrenaline junkie, a wildlife enthusiast or someone who enjoys visiting cities looking for cutting-edge culture, Canada ticks all the boxes.

The world's second-largest country (by total area) racks up an astonishing diversity of landscapes; the vast Canadian Prairies rise abruptly to the glacier-topped Rocky Mountains; rugged, unspoilt coastlines give way to immense forests and emerald lakes; and Arctic waters lap upon frozen tundra. Incredibly, this wilderness is also home to cosmopolitan cities, quirky towns and remote indigenous settlements. Canada is certainly a beautiful place, which has it all.

Make sure you bring friends and family to enjoy 'visiting' this amazing country.

Wednesday 26th April, 2023  
The Beaconsfield Club  
Holm Park, Beaconsfield

6:30 for a 7:00pm start
