

Travel Guide #10

Wednesday 22nd March, 2023

Destination - Egypt & Jordan

This week, our intrepid traveller Jen Marshall, will take us on a journey to Egypt, where most of the country's ancient treasures were built during the time of the Pharaohs.

Egypt is a complicated, but fascinating country, with some of the most enduring historical monuments on this Earth. This North African nation is home to treasures as timeless as the temples and pyramids of the Nile and the city of Cairo, bustling with its medieval bazaars,

Other well-known tourist spots, such as the Pyramids and the Great Sphinx of Giza (the sole survivors of the Seven Ancient Wonders of the World), the Valley of the Kings, to name but a few, represent a lasting legacy of one of the most fabled periods of human history.

It's easy to see why Lawrence of Arabia was so taken with Jordan. Probably the most appealing destination in the Middle East, this ancient Arab kingdom is a hospitable land packed with epic scenery and even more momentous relics.

Round up your family and friends and join us for this uniquely different travel night.
