

POETS 2020 - 2021

Rotary Citation as Indicator for Club Health

Clubs in District have been very successful in the past in getting a **Rotary Citation** in platinum, gold or silver. As you can see in this slide, it will be different in our year. I want you to think of the following :-

1. Don't go for the citation for the sake of getting it.
2. Go for it in order to get to know your club better and develop it to the next level.
3. And before you start setting your goals, do the Club **Health Check** on the RI website. It will help you to understand where your club is at the moment.

My challenge to you and your club in 2020-2021:

*Please beat the number of Rotary Citations which have been achieved in DG Casper's year which was **14**. (does your club have an up-to-date strategic plan?)*
