Rotary

*The number prior to the name of each business identifies the business location on the map on the reverse side.

The Lake Street Council and Rotary International District 5950 created the Lake Street Council–Rotary Partnership Project in January to work with nine businesses to help them return to providing products and services to their communities, and to help their employees return to work. Working together, friendships have formed among participants and the communities in which the businesses are located have expanded. The Open Houses are a sign that these Lake Street businesses are open and ready to serve customers and clients.
