Last week's presentation: "It's not the Cow, it's the How!"

Thought-provoking presentation by Kristina Moller-Fay about a more environmentally-friendly way to raise beef cattle, using livestock to promote soil health rather than fertilizers, pesticide, and herbicides – less chemistry, more biology.

Kristina and Mike operate KM Ranch located 20 minutes southwest of Quesnel and conduct farmgate sales of beef and lamb. For more details, go to their website kmranchquesnel.com or visit their Facebook page [@KMRanchQuesnel](https://www.facebook.com/KMRanchQuesnel)

Halloween Parade of Costumes

119 assorted princesses, super-heroes, and dinosaurs...**Jack-O-Lantern Island** was a rousing success. Thanks for organizing us, Bev! [Click here for the Observer story](#)
