

One Vision

Temple ISD Wildcat Mentors Program envisions a community in which every child has the opportunity to experience positive one-on-one relationships and community support. This, in turn, will empower them to reach their full potential, capable of making informed, responsible decisions as involved members of our community.

One Mission

In partnership with Temple ISD staff and faculty, Wildcat Mentors, through development of one-on-one relationships, will support efforts to empower students to make positive choices that enable them to maximize their personal potential.

One Child

Every child deserves the opportunity to experience a one-on-one relationship with a caring adult. Wildcat Mentors uses a detailed and thorough application and screening process to match mentors and students.

One Hour

Mentors commit to one hour, at least every other week, for a year. Consistency and long-term commitment help foster trust and confidence in the mentor – mentee relationship.

A Lifetime of Difference

A positive self-image is crucial to academic achievement. How we view ourselves determines our goals, behaviors, and responses to others. Students need to know someone cares about them.

A mentor provides young people with emotional and social support, friendship, compassion, positive reinforcement and a constructive example.

Yes, I am interested in being a Wildcat Mentor. Please send me more information!

Mentee Quote
"He is my best friend."

"Participating in the TISD Mentor Program has been one of the most fulfilling things I have done in my life. You understand when you make the commitment to participate that your task is to help support a student in need. What you don't understand is the profound effect the student will have on you!"

Donna Wright, 2014-15 Wildcat Mentor
