The XP Society is a 501(c) (3) not-for-profit charitable foundation for XP organized in 1995 by Caren and Dan Mahar, whose youngest daughter, Katie, has xeroderma pigmentosum. The organization is a means to provide the XP family support and information needed to cope daily with XP. The XP Society offers information, support, advocacy, and protection to the XP family, patient and caregiver while promoting research in the foundation for a cure. Camp Sundown allows children with XP to experience all camp has to offer at nighttime.
