**Meals of Hope**  
 Communities coming together to end hunger!

9th Annual

# HOPE FOR THE HUNGRY

Meal Packing Event  
 April 27, 2024

At Middlesex Community College  
 Bedford Campus

Ever since the Pandemic, food insecurity has been on the rise.

On **Saturday, April 27**, teams of volunteers of all ages will gather in Bedford to package nutritious rice and bean meals at Middlesex Community College (MCC). Our mission is to provide these meals to our local communities to fight hunger. MCC, the Lowell Food Bank and Indigenous People will be prime recipients.

In a festive music-filled atmosphere, volunteers will fill bags, measure weights, seal, label, and box the meals. People will do good and feel great.

**Our goal for 2024 is to package more than 50,000 meals which will bring our total (since 2013) to more than 500,000 nourishing meals.**

Participating in this event will certainly pull us together as a community, and we're confident it will strengthen connections within your own organization as well.

We will need to raise funds and organize volunteers from the community and sponsors. A successful event will require all of us to pool our resources and energy!

**Contact us for a presentation:**

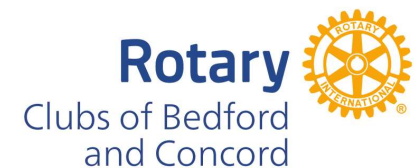

- Meal-packing events from prior years
- Show you how this can help your organization promote an atmosphere of team building and achieve your 2024 community service goals
