BUILDING INFORMATION

We will be in Building 200. The entrance is on the east side of the building, off the large parking lot. Registration will be outside #10 (Seminar Center), where many of our meetings will happen. The facility has wifi, so you should be able to use a tablet or laptop.

NOTE: The center requests that we use their laptops for presentations (because they know theirs work with their system), so we ask presenters to bring any slide shows or documents on jump drives. All rooms are equipped with projectors and sound. #21 will function as our lounge.
