Who are the faculty? *The Institute carefully selects the faculty, for their teaching abilities. They are drawn from the district and occasionally from outside member districts. Many are present and past R.I. directors, present and past district governors, successful past club presidents and those with experience in special areas. Each new faculty member must initially attend a full day training program, as well as various periodic reorientation programs. The results of course evaluations help the Institute improve the course content and instructions.*

MISSION STATEMENT

The Rotary Leadership Institute is a grassroots, multi-district leadership development program whose mission is to strengthen Rotary clubs through quality leadership education.

“Why do we need a leadership institute?”

Rotary needs a constant influx of leaders as club officers change each year. It is difficult at the club level to learn enough about the exciting world of Rotary with its 1.2 million members in more than 200 countries and geographical areas. Furthermore, leadership skills in voluntary organization are often different from those you possess in your careers. It is important that club leaders take every opportunity for education because the success or failure of our clubs depends in large part on the quality of its leaders.
